AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT
(continued)

The purpose of this modification is to revise PWS section 5.1, MSFC APPLICATIONS AND WEB SERVICES, page J-1-60, to establish a combination Applications and Web Sites performance band for Category 1, 2, and 3 items in lieu of the current separate performance bands for both Applications and Websites. It is mutually agreed that this revision will be accomplished within the current contract value and will not require an adjustment to this amount. Therefore, NNM04AA02C is changed in the following particulars:

- A. ATTACHMENT J-1, Performance Work Statement, page J-1-60, is deleted in its entirety and is replaced with the enclosed revised page J-1-60 in order to establish a combined Category 1, 2, and 3 performance band for MSFC Applications and Websites.
- B. The modification(s) made above are reflected in total on the change page(s) enclosed herewith. In order to reflect the change(s) made, the page(s) listed below are hereby added to, or deleted from, NNM04AA02C. Either bolded text or a vertical change bar included in the right margin indicates the specific area(s) of change.

J-1-60

- C. All other terms and conditions of NNM04AA02C remain unchanged.

- a. Establish and implement consistent overall DA strategies, such as data definition, logical data modeling, data resource life cycle management, data security, data integrity, and quality assurance.
- b. Establish, implement, and maintain a DA program that incorporates the following subelements: DA policies, procedures and standards, data architecture, data dictionary and models, orientation and training, and quality assurance (DRD 974MA-007).

The contractor shall integrate the delivery of applications and web services to the maximum extent feasible. All services to be provided may be routinely added or deleted throughout the period of performance of this contract. These changes are considered within the scope of the PWS and shall not, in general, be construed as changes within the meaning of the "Changes – Cost-Reimbursement – Alternate II" clause of this contract as long as the total number of applications and websites to be provided fall within the following parameters:

Category*	Category Description	Number of Applications/Websites
1	MSFC-wide application service or web site, critical or highly visible or complex application/web service.	36 – 50
2	Medium scale application service or web site, less complex, with medium criticality	55-95
3	Administrative and support application service/web site, or small user community	155-245

* See Appendix B

The contractor shall provide Applications and Web Services Reports in accordance with DRD 974MA-006.

5.1.1 Product Line Organizations

The contractor shall provide applications and web services for MSFC's product line organizations that include the Space Transportation Directorate, the Flight Projects Directorate, the Science Directorate, the Space Shuttle Projects Office, and the Second Generation Reusable Launch Vehicle Project Office. Examples of these applications services are NASA Structural Analysis (NASTRAN) support, Advanced Concepts support, Systems Administration, Dynamic Data Analyzer production support, Virtual Research Center support, National Space Science and Technology Center (NSSTC) support, Microgravity applications, Space Science Applications, and Space Shuttle Project Office support. Examples of web sites developed for these organizations include internal and external sites for Flight Projects, the Microgravity homepage, the site for the g-LIMIT research, internal and external sites for Space Transportation, and the Prop Module research site.
